

CONTENTS

CHAPTER 1: INTRODUCTION

The Leaf Pack Stream Ecology Kit Overview.....	4
The Leaf Pack Network.....	4
What is a Leaf Pack? - Linking Trees to Streams.....	5
Leaf Packs as Habitat.....	6
Freshwater Macroinvertebrates.....	7
Life Cycles of Aquatic Insects.....	8
Water Quality Indicators.....	8
Functional Feeding Groups.....	9
Stream Size and the Macroinvertebrate Community.....	11
A Continuum of Life.....	12
Linking the Leaf Pack Network to Stream Ecology.....	14

CHAPTER 2: MONITORING WITH LEAF PACKS

Materials List.....	15
Safety.....	16
Defining a Goal.....	17
Selecting a Waterway to Monitor.....	17
Collecting Leaves.....	17
Preparing the Leaf Packs for the Stream.....	19
Placing the Leaf Packs in the Stream.....	22
Collecting the Leaf Packs from the Stream.....	24
Processing the Leaf Packs.....	25
Sorting & Identification.....	26
Preparation for Sorting.....	26
Sorting & Identification.....	27
Calculating the Biotic Index.....	28
Calculating the EPT Index.....	29
Clean Up.....	30
Conclusion.....	31
Entering Data into the Leaf Pack Network	
Online Portal.....	31

CHAPTER 3: USING LEAF PACKS AS LEARNING TOOLS

Action Plan.....	32
The Leaf Pack Experiment.....	34
Additional Activities.....	42
Activity 1 – Creating a Tree Leaf Identification Key.....	42
Activity 2 – Determining Stream Discharge.....	45
Activity 3 – Macroinvertebrate ID Card Game.....	48
Leaf Pack Stream Ecology Kit Goals.....	49
Leaf Pack Stream Ecology Kit Objectives.....	49
Alignment with the Next Generation Science Standards.....	50

DATA SHEETS, REFERENCES & RESOURCES

Data Sheets.....	50
Field Data Sheet and Site Map.....	51
Habitat Data Sheet.....	55
Biotic Index Data Sheet.....	59
Experiment Summary Data Sheet.....	61
Glossary.....	63
Resources.....	66
References.....	67
