

# CONTENTS

## CHAPTER 1: INTRODUCTION

The Rock Pack Experiment .....	2
A Rocky History: Origin of Rock Pack.....	3
Linking Rocks to Streams .....	4
Freshwater Benthic Macroinvertebrates .....	5
Water Quality Indicators .....	6
Functional Feeding Groups .....	7
Life History of the Caddisfly .....	8
The Craftiest Critter: The Net-spinning Caddisfly.....	9
Fluvial Geomorphology.....	10
Ecosystem Engineers.....	11

## CHAPTER 2: MONITORING WITH ROCK PACKS

Materials List .....	12
Safety .....	13
Defining a Goal.....	13
Selecting a Waterway to Monitor .....	13
Preparing Rock Packs for the Stream.....	14
Placing Rock Packs in the Stream.....	15
Collecting Rock Packs from the Stream .....	16
Processing Rock Packs from the Stream .....	17

## CHAPTER 3: USING ROCK PACKS AS LEARNING TOOLS

Rock Pack Goals and Learning Objectives .....	19
Alignment with Next Generation Science Standards .....	20
Getting Started with Students.....	20
Optional Activities.....	21
Crafty as a Caddisfly .....	22
Determining Stream Discharge .....	26
Digital Detectives: Caddisfly ID .....	28
Who Am I? Macro ID.....	30
Wentworth Pebble Count .....	31

## CHAPTER 4: REFERENCES & RESOURCES

Resources .....	33
Glossary .....	34
References.....	35

## CHAPTER 5: DATA SHEETS

*This chapter includes both printable data sheets and example data sheets. Data sheets with an asterisk\* are strongly recommended for a successful Rock Pack Experiment. All others are optional extensions.*

Biotic Index Data Sheet with Example.....	37
*Rock Pack Field Data Sheet with Example.....	39
*Site Map Data Sheet with Example.....	41
Wentworth Pebble Count Data Sheet with Example .....	43
Habitat Data Sheet (Access online: <a href="https://leafpacknetwork.org/resources/manual/">https://leafpacknetwork.org/resources/manual/</a> )	

*The Rock Pack Manual is a collaborative effort of Stroud Water Research Center and Montana State University with funding supported by National Science Foundation Grant #1556684. Duplication of printed materials is authorized for educational purposes only. Duplication for commercial applications is prohibited.*
